

FIREBALL MAIL

Recorded by Roy Acuff

Here she (G) comes, look at her roll  
There she goes, eatin' that (D) coal  
Watch her (G) fly, look at her sail  
let her by, by, (D) by, Fireball (G) Mail

Let her go, look at her steam  
Hear her blow, whistle and scream  
Like a hound, waggin' his tail  
Dallas bound, bound, bound, Fireball Mail

Engineer, makin' up time  
Tracks are clear, look at her climb  
See that freight, clearin' the rail  
Bet she's late, late, late, Fireball Mail.

Watch her swerve, look at her sway  
Get that curve, out of the way  
Watch her fly, look at her sail  
Let her by, by, by, Fireball Mail
